

US vs. Total Debt to the UN: 1996-2009

The following graph illustrates the total contributions owed by UN member states as well as the proportion owed by the US from 1996.

Table Notes:

- The amount owed by the US (blue area) and the amount owed by other Member States (red area) sum up to the total amount owed to the UN by all of its Member States.
- Figures include contributions owed to the Regular, Peacekeeping Operations and International Tribunals budgets.
- Data since 2003 includes contributions owed to the Capital Master Plan.
